One Will Be Taken, Dawn Morris, Jim Kochenburger, 2012, 0985457880, 9780985457884, . As an Insidious Evil Grows, Time Is Running Out... Arturo Giamo is a renowned visionary. His pioneering methodology in genetic engineering has established him as the world's foremost expert in his field. It also puts within his grasp the realization of his life's dream: to design children who are not just intelligent beyond imagination, but capable of leading mankind to the next level of evolutionary development, to solve the gravest problems in the world-and usher in an age of lasting unity, peace, and prosperity. With the birth of his son, Luca Romano Giamo, Arturo attains his greatest personal triumph and the crowning achievement for Giamo Infertility Associates-the "miraculous" birth of the perfect child, his own son. As Luca matures, his fawning mentor, Billings Mason, rises to world renown as a man of faith, able to perform extraordinary miracles. After the mysterious disappearance of the world's Christians, Mason becomes Pope Peter II. As the miracle-working pope draws together world leaders, he consolidates Luca's power, positioning him as a key leader in the new world that dawned at his birth. Global crises multiply and natural disasters are unleashed on the earth, while Israel's enemies mass on her borders. As evil gains dominion throughout the world, what will God do? What will become of His people? Can faith endure in such times? "this is the spirit of the antichrist, of which you have heard that it is coming, and now is already in the world." (1 John 4:3, NASB) Dawn Morris has done extensive research on biblical prophecy for over thirty years and led many studies in what the Bible has to say about the Last Days, even developing and teaching curriculum on these subjects for high school students. She has a Bachelors of Science in Education and has written many stories for her children. She lives in Northern Virginia with her husband and three of their five children..
