

Residential Broadband Networks: Xdsl, Hfc, and Fixed Wireless Access, Uyless D. Black, Prentice Hall PTR, 1998, 013956442X, 9780139564420, 255 pages. Today's consumers want the same quality of communication services on their local loops that they've been getting in the workplace. High-speed communication technologies are now available to bring Internet, video, and other electronic functions to residential and business users through local service providers, based on existing infrastructure. This book shows you how..
