PUBLISHER OF PHOTOGRAPHY BOOKS

Jeff Smith's Posing Techniques for Location Portrait Photography, Jeff Smith, Amherst Media, Inc, 2007, 1608951642, 9781608951642, 128 pages. This comprehensive guide to location portraits teaches the basics of good head-to-toe posing, indoors and out, and shows the classical approaches used throughout photographic history to create a pleasing rendition of the human form. Additional introductory chapters detail the four main posing styles and reveal how to determine which will work best with a subject, their clothing, the location, and the purpose of the portrait. Chapters for advanced photographers highlight the creation of a wide variety of individual and group poses--including ground, seated, head-and-shoulders, and standing--to be utilized in tandem with stairs, rocks, and other architectural and natural elements. A chapter devoted to the essential business skills needed to professionally schedule appointments, work through consultations, manage sessions, and present and deliver final prints is also included..
