The success of every great company or popular brand is often the vision of a great leader. Here in this book, we profile 100 Great Business Leaders, giving an account of their business career, demonstrating the innovations, opportunities and business principles that have been introduced in their companies. Also included is a practical section to demonstrate how a reader might apply these ideas in their own lives. The 100 chosen business leaders are from companies located all over the world and include a mixture of business founders (for example Henry Ford, Bill Gates, Kiichira Toyoda,...

The 2012 London Olympics provided some of the best examples of the personal impact of the athletes. The impact for some resulted from leading from the front, for others the impact resulted from following and then choosing their moment to exert their authority. However, the impact for all the competitors resulted from their preparation and their ability to take decisions in the moment. They had to prepare physically, mentally and emotionally. Their performance resulted from their attitude of mind as well as their physical preparedness. Our personal impact flows from clarity about who we are,...
