Human Behavior in Organizations + Self Assessment Library Version 3.4 Insights Into Your Skills, Interests and Abilities, Rodney C. Vandever, Michael L. Menefee, Stephen P. Robbins, Jan 20, 2009, , . In this book, readers are introduced to the foundations of Organizational Behavior through the self-discovery of their own personalities, preferences, abilities, and learning

In this book, readers are introduced to the foundations of Organizational Behavior through the self-discovery of their own personalities, preferences, abilities, and learning styles. The concepts of individual, group, and organizational behavior are delivered in a way that allow readers to envision how they will fit into organizations and be successful in leadership roles. A variety of tools are used to guide the reader through the self discovery process, including chapter opening self-assessment tests, chapter opening and closing case studies and the Prentice Hall Self-Assessment Library.

This text builds a solid foundation in organizational behavior concepts needed to understand individual and group behavior in organizations. The focus is on developing effective leadership behavior beginning with discovery of your own preferences in terms of your behavioral choices, your preferred behavior in groups, and your behavioral preference for certain organizational structures. A blend of current theory, practical applications, self-assessment exercises, and case studies help explain and apply concepts in an experiential manner. Book jacket.
