I've got lots of vegetarian cookery books, but was waiting for this one in particular having read some reviews, and it is out of print. Worth waiting for - I've tried a couple of the interesting recipes, very good so far. The bookseller is great - the book arrived very quickly, and is in excellent condition. Highly recommended.

"Annie has been writing award-winning cookery features for our food pages and her work wins new admirers with every issue. Primarily this is because her recipes are tried and tested at home and meet the practical demands of real family life. They really work. Annie's style is warm, generous and firmly rooted in tradition, yet as modern as tomorrow."

Since it is summer, and I love ice cream, I thought you would enjoy this recipe. I am all for making interesting types of ice cream. While I do love chocolate and vanilla, there are just too many possibilities out there. Try our Pimm's Cup Ice Cream on the Lucindaville Blog. And then try this. Make some Sweet Cornbread Madelines with Thyme to serve as a side.

The corn kernels should be freshly stripped from the cob, by holding the cob upright on the chopping board and cutting down with a large, sharp knife. Place these in a small saucepan with the milk and sugar, bring to the boil, cover and simmer over a low heat for 15 minutes. Puree and pass through a sieve into a bowl.
