Controlled/living radical polymerization progress in ATRP, Krzysztof Matyjaszewski, Sep 21, 2009, Science, 423 pages. This book is focused on recent progress in the dynamically developing field of controlled/living radical polymerization. It is a sequel to ACS Symposium Series 685, 768, 854

Living and Controlled Polymerization Synthesis, Characterization, and Properties of the Respective Polymers and Copolymers, Joseph Jagur-Grodzinski, 2006, Science, 385 pages. The living/controlled polymerisation techniques opened new vistas in polymer chemistry. The leading authorities in this field and its pioneers contributed chapters to this

Tailormade Polymers , Harald Cherdron, May 25, 2001, Science, 250 pages. The national Symposium of the Division of Macromolecular Chemistry of the GDCh (Gesellschaft Deutscher Chemiker) in March 2000 was held in Merseburg with a topic of Tailormade

Non-Conventional Polymer Dispersions 5th Bratislava Int. Conference on Polymers, Ignac Capek, Jun 10, 2002, Technology & Engineering, 358 pages. Readership: undergraduate; postgraduate; research, professional.

Insertion Polymerization , Walter Spaleck, 2001, Science, 261 pages. Catalytic olefin insertion polymerization has undergone dramatic changes in recent years, from both scientific and commercial points of view. The boundaries originally

Polymer Synthesis/polymer Catalysis , B. AmÐ“Â©duri, 1997, , 204 pages. .

Functional polymers modern synthetic methods and novel structures, American Chemical Society. Division of Polymeric Materials: Science and Engineering, American Chemical Society. Meeting, Oct 1, 1998, , 347 pages. The intent of this volume is to review modern synthetic methods for functional polymers and examine some novel structures associated with these polymers..

Topological Polymer Chemistry Progress of Cyclic Polymer in Syntheses, Properties and Functions, Yasuyuki Tezuka, 2012, Science, 352 pages. There are examples aplenty in the macroscopic world that demonstrate the form of objects directing their functions and properties. On the other hand, the fabrication of

Functional polymers , David E. Bergbreiter, Charles R. Martin, 1989, Technology & Engineering, 216 pages. .

Scattering Methods for the Investigation of Polymers 20th Discussion Conference, Prague July 9-12, 2001, Jaroslav Kahovec, 2002, Technology & Engineering, 200 pages. Scattering methods as important tools for the characterization of the structure and dynamics of polymers provided the theme for the 60th meeting in the series of the Prague

Rheology of Polymer Systems , Jaroslav Kahovec, Dec 7, 2000, Science, 182 pages. This conference on the Rheology of Polymer Systems was held at the Institute of Macromolecular Chemistry of the Academy of Sciences of the Czech Republic in Prague from 19-22nd

Natural and Synthetic Polymers Challenges and Perspectives, Waldo ArgÐ“Ñ~elles-Monal, Aug 15, 2001, Technology & Engineering, 116 pages. The 7th Latin American Symposium on Polymers (SLAP' 2000), sponsored by the International Union of Pure and Applied Chemistry, was held in Havana, Cuba, in November 2000

Synthesis of pyrroline polymers, Volume 1556 , Lawrence W. Frost, George M. Bower, Westinghouse Research Laboratories, Langley Research Center, 1970, Science, 94 pages. Several methods were found to control the gelation problem encountered in preparing pyrroline polymers from dianhydrides and tetramines in polar solvents. Addition of a tertiary amine

Ionic polymerizations and related processes , Judit E. Puskas, Dr. Armin Michel, Shahzad Barghi, 1999, Technology & Engineering, 352 pages. In Ionic Polymerization and Related Processes, internationally recognised academic and industrial researchers discuss and debate the latest developments in the field. The major
