Descripción de la librería: We do not specialise although we do like old novels and books of poetry so tend to have rather a lot of these. You will also see technical, historical, reference, gardening, nature and even modern books in our listings, in fact anything that is interesting. We currently have over five hundred thousand books in stock with more arriving every day. Each is assessed for condition and then compared on-line with similar books, enabling us to offer favourable prices and good value for money when taking age and condition into account.
