At World of Books Australia we are committed to minimising our environmental impact. Each month we recycle over 2.3 million books, saving over 12,500 tonnes of books a year from going straight into landfill sites. All of our paper waste is recycled and turned into corrugated cardboard. We believe that it is a travesty to simply throw away a used book when there is nothing wrong with it - we believe in giving each book the chance of finding a new home.
