Keeping chickens is fun, relaxing, and low maintenance, plus you have the added benefit of your own known source of fresh eggs. In Chickens, poultry breeders Graham Page and Suzie Baldwin offer a practical guide to everything the beginner needs to know, from whether to buy chicks or

hens, what varieties to chose, how to tell if you're buying a healthy chicken and how to ensure it stays that way, to how many chickens you should keep, and what kind of coop to buy. They also answer all the questions commonly posed by first-time owners, from whether chickens ever fly away and how quickly they will start laying, to how to prevent them being attacked by foxes and what to do when they become unwell.

'Take my word for it, you become involved and fascinated. The moment I get home I wander out into the garden to collect my hens' newly-laid eggs.' From the Foreword by Joely Richardson 'Suzie has written a very useful book that clearly reflects her love and understanding of these wonderful birds. For the beginner it has all that is required to make a good start, and for the experienced keeper it covers a lot of useful reflective information that will add to their hobby. A great addition to anyone's library.' Mark Elliott BVSc VetMFHom MRCVS 'A colourful 142-page book filled with everything you need to know about the birds, from details about the various different breeds to tips on how to care for and handle the birds.'
