

Cocky: The Rise and Fall of Curtis Warren, Britain's Biggest Drug Baron, Tony Barnes, Richard Elias, Peter Walsh, Milo Books, 2001, 0953084779, 9780953084777, 320 pages. Curtis Warren is an underworld legend, the Liverpool scally who took the methods of the street corner and elevated them to an art form. He forged direct links with the cocaine cartels of Columbia, the heroine godfathers of Turkey, the cannabis cultivators of Marocco and the Ecstasy manufacturers of Holland and Eastern Europe. His drugs went around the world, from the clubs of Manchester, Glasgow and Dublin to the golden beaches of Sydney. This acclaimed and best-selling biography uncovers his meteoric rise from street mugger to the richest and most successful British criminal who has ever been caught. It relates how the Liverpool mafia became the UK's foremost drug importers; tells how Warren survived gang warfare and how he corrupted top-level police officers; unveils the inside story of the biggest and most successful British law enforcement operation ever undertaken; and reveals the explosive contents of the covert wiretaps that brought his global empire crashing down. Thoroughly revised and updated, **COCKY** is a shocking insight into organized crime and an important investigation into a contemporary international drug baron. 'Compelling' - The Observer. Shortlisted for the Macallan Gold Dagger for Crime Non-fiction..
