

The Cordillera Blanca guide: a unique landscape explained + trips, Jan Sevink, Universiteit van Amsterdam, 2009, 9972339777, 9789972339776, 212 pages. The Cordillera Blanca Guide introduces the traveller to the climate, geology and geography of this magnificent mountain range in the Peruvian Andes. It is the largest snow covered mountain range of the tropics, with a unique landscape and this is the only book in the English language which provides detailed information to the traveller on the natural history and geography of the landscape. The guidebook includes chapters covering climate and hydrology; the Andes; geology; mines, minerals and environmental pollution; natural hazards and disasters..
