

A black wolf with striking orange eyes stands in a forest. The wolf is the central focus, looking directly at the viewer. The background is a blurred forest with autumn foliage in shades of yellow, orange, and red. The lighting is soft, highlighting the texture of the wolf's fur.

SUMMER OF THE WOLVES

What Nika finds
in the woods will
change her
forever.

Summer of the Wolves, Polly Carlson-Voiles, Houghton Mifflin Harcourt, 2012, 0547745915, 9780547745916, 343 pages. Julie of the Wolves meets Hatchet in this middle grade novel that follows orphaned twelve-year-old Nika and her seven-year-old brother Randall as they leave a California foster home to visit a long-lost uncle in the wilderness lake country of Northern Minnesota. A phone call from their uncle sets them on a journey in a small floatplane over the thick green forest canopy, to spend the summer on a wilderness island. Nika, of all people, knows not to get her heart set on anything, but as she follows her uncle in his job studying wolves, Nika stumbles upon a relationship with an orphaned wolf pup that makes her feel $\text{Ð}^2\text{Ð},\hat{\text{â}}\text{€}$ for the first time since her mother died $\text{Ð}^2\text{Ð},\hat{\text{â}}\text{€}$ whole again. Here in these woods, with this wolf, none of the hard things in her past can reach her. With vivid details about wolf behavior and a deep sense of interconnectedness with nature, this captivating first novel illuminates the intricacies of family while searching for the fine balance between caring for wild animals and leaving them alone..
